Conditions of Sale (please read carefully before bidding)

THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**

(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 5 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder, and the first buyer of record shall be liable for any difference in price. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment, but will be subject to a 3.5% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable**

taxes). **The buyer waives the right to dispute all credit card charges. Third-party payments will not be accepted. The payment must come from an account in the name of the buyer.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation, British Philatelic Association, Royal Philatelic Society of London or any other authority recognized by the A.I.E.P. in a specific area of expertise, and dated within 5 years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a certificate (dated as above) may do so, provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees up to \$800.00, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.**

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Revised 9/2023

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM
						
	Mint Never Hinged <i>Free from any disturbance</i>	Lightly Hinged <i>Faint impression of a removed hinge over a small area</i>	Hinge Mark or Remnant <i>Prominent hinged spot with part or all of the hinge remaining</i>	Part o.g. <i>Approximately half or more of the gum intact</i>	Small part o.g. <i>Approximately less than half of the gum intact</i>	No gum <i>Only if issued with gum</i>
Catalogue Symbol:	★★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for "O.G."		Scott "No Gum" Values thru No. 218
1890-1935 ISSUES	Scott "Never Hinged" Values for Nos. 219-771	Scott Value for "O.G." (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* (SCV) and *Stamp Market Quarterly* (SMQ) values are quoted in dollars (\$). Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E. \$" and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will often exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Real collections formed by real collectors

OUR WORLDWIDE STAMPS AND POSTAL HISTORY SALES HAVE BECOME FAMOUS for their diversity and *real* collections. There is usually something for everyone, whether you are looking to fill spaces in your album, to find exceptional postal history for your exhibit, or to add fresh saleable inventory as a dealer. Our sales customarily end with fierce competition in the Collections and Large Lots section.

Most of our general worldwide sales have scores of consignors. Consignments range from a single rare item to an entire collection that is divided into hundreds of lots. Consignors are scattered near and far, in the United States and throughout the rest of the world. What follows is a brief overview of consignments featured in this sale.

Lamar Stout's outstanding collection of the Rhodesias. Mr. Stout was a long-time Rhodesian Study Circle member and renowned philatelist in the United States and United Kingdom. He was a constant presence at exhibitions on both sides of the Atlantic for many years. A true Southern gentleman with a U.S. military background, Mr. Stout was always up for an intellectual conversation. He formed his collection with the precision and dedication you would expect from someone who spent years in the military.

Sir Geoffrey Palmer's wonderful collection of Grenada and Leeward Islands. For decades, Sir Geoffrey has carefully acquired items from dealers and auction houses, and he quietly formed specialized collections with great depth and quality. Following the successful sales of his Falkland Islands and Bermuda, we are pleased to offer the formidable collections of Grenada and Leeward Islands.

Outstanding postal history rarities of India. This small but select group of India covers was previously sold by our firm when we held the first Magnolia sale of India. They represent some of the cream of that historic sale and are being offered following a U.S. Department of Justice legal process that returned funds to victims of financial fraud.

Specialized China from the Steven Frumkin estate. Steven was a well-known professional in the hobby and a respected specialist in Chinese philately who passed away only recently. Steven's knowledge was matched by his quick wit and humor. After a conversation with Steve, you always walked away with a smile. The hobby will certainly miss him.

This list continues with mention of Israel from the Dr. Gordon Sack estate; further offerings of China from Richard Kavin; the final offering from the Napoleon collection (Swiss classics); Canada and Great Britain from the estate of James Allen; an Indochina exhibit built by Mark Issacs; Russian items from the Magnolia collection, and dozens of others.

We hope you find this offering of fresh material from real collections to be a great way to start spring after a long, hard winter.

To date, just twelve are known. Two are institutionalized, one in the British National Postal Museum (ex Phillips, lettered T-H), the other in the Royal Collection (lettered S-F).

1891 ONE-POUND BROWN VIOLET

A CHOICE ORIGINAL-GUM EXAMPLE OF THIS RARITY

4016

4016°★ **1891, £1 Brown Violet (123; SG 186).** Lettered K-A, original gum which is pristine and very lightly hinged, exceptional color on bright paper

VERY FINE AND CHOICE. A SPECTACULAR ORIGINAL-GUM EXAMPLE OF THE 1891 ONE-POUND BROWN VIOLET ON WATERMARK ORBS PAPER. EASILY ONE OF THE FINEST IN EXISTENCE WITH SUPERB OVERALL FRESHNESS. ONE OF THE MOST ICONIC GREAT BRITAIN RARITIES.

A little known fact about the £1 on Watermark Orbs paper is that this issue was printed in error. Wiseman explains in detail that on Nov. 5, 1887, a Warrant was issued calling for the stamps to be printed. The word "Orbs" was accidentally written instead of "Crowns". The error was noticed well before the supply was exhausted, but the Orbs stock was issued nonetheless.

Owing to the long size of this stamp, most invariably have faults such as creases and bends. Many unused copies have also been regummed. A stamp free of faults with original gum is a great rarity.

VERY FINE AND CHOICE. AN EXCEPTIONAL NEVER-HINGED BLOCK OF FOUR OF THE FAMOUS 2-DOLLAR TRURO PROVINCIAL NORMAL SCHOOL INVERT.

This issue was printed in five lithographed colors, with engraved inscriptions. After printing on the lithographic press, they were cut into sheets of 100 consisting of four panes of 25, then put through a second press for the inscriptions. Four panes of 25 reached public hands, but these panes contain a total of 30 positions showing gutter guides or white space, so only 70 inverts were printed. Of these 70, many are still attached to the gutter guide positions. A block of 15 was lost, so this leaves approximately 37 singles available to collectors. We doubt many multiples still exist.

Catalogued as singles. Scott \$34,000. Unitrade C\$48,000. E. \$7,500-10,000

EXTREMELY FINE AND UNDOUBTEDLY UNIQUE HAND-DRAWN WATERCOLOR ESSAYS OF THREE VALUES FROM THE 1934 KING GEORGE V PICTORIAL SET — CREATED BY LEONARD DOUGLAS FRYER.

Leonard Douglas Fryer (1891-1965) spent over 50 years as a designer employed by Waterlow & Sons. He was responsible for countless designs of postage and revenue stamps, and even banknotes for a range of issues from various countries around the world. These emanate from the archives which were sold in 2019 where they were cut down from larger ledgers and grouped by country/issue type. E. \$1,500-2,000

VERY FINE. A TRULY REMARKABLE THOMAS WAGHORN COVER FROM AGRA. THIS IS ONE OF ONLY TWO RECORDED EXAMPLES OF THIS HANDSTAMP, WHICH WAS USED WITHIN THE NORMAL OPERATING YEARS OF THE WAGHORN OVERLAND SERVICE. THIS MARKING IS UNLISTED IN SIDEBOTTOM AND DIFFERS SLIGHTLY FROM THE HANDSTAMP IN THE SMITH BOOK. ONE OF THE KEY RARITIES OF WAGHORN COVERS.

Agra, most famous for the Taj Mahal, was the capital of the North-Western Provinces administrative region of British India from 1836 to 1858. We have been unable to find any mention of a Waghorn office in Agra. Smith makes brief mention of a similar marking (p. 29 in his book), which is a five-line handstamp with “To” at center. This leads us to believe this was either a short-lived operation and/or exceptionally small. Since most trade was conducted along coast cities of Calcutta, Bombay, and Madras, most Waghorn covers are to, from or carried through those cities. The only other example of this handstamp we can locate is in the renowned Heddergott collection.

VERY FINE AND IMPRESSIVE EARLY USE OF A STRIP OF EIGHT ONE-ANNA LITHOGRAPH ON COVER TO THIS UNUSUAL DESTINATION—ESPECIALLY RARE USED JUST DAYS AFTER RELEASE OF THE 1854 LITHOGRAPH ISSUE.

The issue date of the ½a and 1a 1854 Lithograph stamps was Sunday, October 1, 1854 (the 4a was issued October 15). According to the Postal Regulations, post offices were open for the receipt of letters or newspapers, not parcels (see *India Post*, Vol. 48/2, No. 192, 2014, for an article by J. Heddergott).

This letter was mailed on October 4, just three days after issue. Because the 4a was not issued until October 15, the only way to pay the 8a rate was with the lower values—in this case, eight of the 1a Red.

From 1846 to 1855 the 10th Hussars were stationed in India. At the outbreak of the Crimean War, they left India and fought in important engagements, such as the Siege of Sevastopol and Battle of Eupatoria—the latter in February 1855, a matter of months before this cover was received.

And this has to go to Sireenuggur by cooly [servant] and thence by the Maharaja Gholab Singh's Dak (posthouse) to Murree..." This cover had to make its way from the far north of India overland down to Bombay for onward transmission to Great Britain. Beginning Feb. 1, 1856, the postage rate to Great Britain was reduced to 4a and without an additional charge for inland mail to Bombay.

The rarity of the "158" cancel should not be overlooked. The grid with 5 bars above and below numeral is listed in Jal Cooper as very scarce.

Second, the “Nepaul Paid” marking is rare in its own right, with only six or seven examples thought to exist. VERY FINE AND RARE USE OF THE 4-ANNAS LITHOGRAPH WITH A CHOICE STRIKE OF THE “B/137” CANCEL ON COVER FROM NEPAL TO LONDON.

Any cover from Nepal with an India 1854 Lithograph stamp is very rare. This cover with the 4a tied by a choice strike of the “B/137” cancel is of even greater rarity and desirability.

VERY FINE. A SPECTACULAR AND RARE INDIA LITHOGRAPH ISSUE COVER WITH A 4-ANNAS FIRST PRINTING AND STRIP OF THE ONE-ANNA AFFIXED AND CANCELLED AT SINGAPORE WHILE THE COVER TRAVELED FROM THE PHILIPPINES TO NEW SOUTH WALES. THIS IS THE EARLIEST DATED COVER FROM THE FAR EAST WITH STAMPS AND BY FAR THE FINEST OF THE HANDFUL OF COVERS WITH INDIAN LITHOGRAPH STAMPS ORIGINATING IN THE FAR EAST—LIKELY USED WITHIN THE FIRST FEW MONTHS OF ISSUE. A KEY ITEM FOR ANY STRAITS SETTLEMENTS COLLECTION.

The receipt docketing indicates this cover originated at Manila on October 30, 1854. Since it was received in Sydney on January 18, 1855, the cover must have entered the mails at Singapore sometime in November or December 1854. The India 1854 Lithograph stamps were issued on October 1, 1854, so this cover represents an early use of the stamps from a post office abroad.

Only a few Indian Lithograph Issue covers are known from the Far East, originating in either Batavia, Dutch East Indies, or Manila, Philippines—all were sent via Singapore. This cover is by far the finest. Furthermore, covers to the Australian States with the 1854 Issue are very rare—factoring in usage from Singapore exponentially increases this cover's rarity.

4475 P **1913-24 The Definitive Offering of Waterlow File Copies of the Admiral Issue.** A phenomenal offering of about 990 stamps covering each denomination contained in singles thru multiples as large as a block of 20, the vast majority in blocks of four and/or eight, all housed on homemade pages in an album, plus some others on stock cards, all clearly identified with Printing and Position numbers, with some duplication, includes numerous important positional multiples such as top selvage with file copy, imprints, and many others with selvage on one or more sides assisting in locating position, all panes were evidently washed (and are without gum), each stamp with the usual hole punch, faults are present as typical of these (such as soiling), accompanied by an inventory of items (see PDF online) organized by printings and denominations

FINE. BY FAR, THIS IS THE LARGEST OFFERING OF THE FAMOUS ADMIRAL ISSUE OF RHODESIA ORIGINATING FROM THE WATERLOW FILES. AN IMPORTANT ARCHIVAL PROPERTY INTENDED FOR THE SERIOUS STUDENT OF ADMIRALS OR EXHIBITOR OF THE SUBJECT.

These Waterlow file copies play a vital role in assisting philatelists in the study of this issue — whether it be for plating, shade study, plate varieties, or allocating stamps to different printings. According to our search through past important offerings of Admirals, we have yet to find an offering anywhere near this size. A TRULY SPECTACULAR COVER WITH A SINGLE 80-CENTIMES AND 21 OF THE 10-CENTIMES EAGLE ISSUE USED FROM THE SMALL MILITARY POST OFFICE OF TAN AN. ONE OF THE MOST IMPRESSIVE FRANKINGS FROM ANY POST OFFICE IN INDOCHINA.

The 290-centimes franking on this cover was probably intended to pay the four-times rate to France via British packet, which was 280c (2fr80c). Therefore, it was overpaid by 10c. The sender likely thought it fell within the three-times rate and applied the 21 10c examples to make up the 2fr10c rate. The office responsible for weighing and processing the mail rated this letter 11 decimes (110 centimes) due, which was the four-times unfranked rate (3fr20c) less the 2fr10c applied. They applied the insufficient postage and “11” due handstamps. For whatever reason, someone must have informed the sender of his error and he provided the 80c stamp to cover the difference between the prepaid triple and quadruple rates. After cancelling the 80c stamp, the post office crossed out the due markings.

A REMARKABLE SURVIVING POSTAL HISTORY ARTIFACT WITH A BLOCK OF 23 AND SINGLE OF THE FRENCH COLONIES 80-CENTIMES EAGLE ISSUE, PAYING A HUGE MULTIPLE RATE TO FRANCE AND FORWARDED TO ENGLAND FOR AN ADDITIONAL EIGHT SHILLINGS. WITHOUT QUESTION, THIS IS THE LARGEST KNOWN FRANKING ORIGINATING IN INDOCHINA AND PROBABLY FOR ALL OF THE FRENCH COLONIES.

This cover displays a remarkable sum of postage—19 francs and 20 centimes—which, according to our calculations, equates to a 27-times 70c rate (total 1890 centimes with 30c overpayment). At 10 grams per rate, the contents must have weighed approximately 270 grams (9.5 ounces). In London, the forwarding postage was calculated at 8 shillings, which corresponds to the rate for 9-10 ounces. Since this was not registered, it must have contained bulk papers of no real value.

The intended use was for non-letter rate mail such as circulars which explains why there are so elusive and rare to find. VERY FINE. AN INTRIGUING USE OF THE 50-PFENNINGS TIENSIN PROVISIONAL HANDSTAMP ON PIECE — WHICH WAS ORIGINALLY USED MONTHS EARLIER IN BERLIN. WE ARE UNAWARE OF ANY OTHER EXAMPLES. LIKELY A UNIQUE USE.

We can only speculate as to the true use of this stamp. The accompanying certificate from Jakubek theorizes this stamp was originally on a piece of mail from Berlin to China. Upon arrival, it received the Tientsin provisional handstamp and subsequently cancelled. The Berlin and Tientsin dates corroborate this theory in the sense of timing. Regardless, it is an unusual and peculiar German colonial item.
